

## NEW TECHNOLOGY IN ENDODONTICS

Dr Arnaldo Castellucci, Italy

DENSPLY  
MAILLEFER

Ultrasonic instruments in recent years have become indispensable for the carrying out of correct endodontic treatment. The powerful sources currently available and the new tips recently launched on the market enable even the general dentist to make use of this exceptional instruments. The finishing of the access cavity and the flaring of the walls and its cleaning are definitely steps that are facilitated by the use of this new instruments. The identification of the 2° canal of the mesiobuccal root of the upper molars can be done without the risk of causing a perforation, eliminating in complete safety the portion of the mesial wall that hides its orifice. The calcifications of the pulpal floor that impairs visibility and therefore the identification of the openings and access to the root canals, can be easily removed with the new tips, without changing the original anatomy and causing iatrogenic damages. Posts in carbon or glass fibre can be easily removed from within the canal using the new self-cleansing ultrasonic tips. In conclusion with the new tips the removal of metal posts both cast and prefabricated, is facilitated.

An exciting new instrument became recently available to facilitate root canal preparation. It is now possible with the new rotary Nickel Titanium instruments to carry out the complete preparation using the rotary instruments after having negotiated and then determined the working length using only one single traditional K File. All the rest, starting from pre-flaring, necessary to make room to rotary instruments of bigger size, can now be carried out with the new rotary instruments, with considerable time saving, with reduced risk of ledging or changing the original endodontic anatomy. To this, must be added the results that can now be obtained thanks to the use of the operating microscope and revolutionary materials like MTA. All these innovations have the wonderful quality of making endodontics more predictable, easier, enjoyable and with a higher percentage of long term success.

When **endodontics** becomes  
synonymous with **simplicity**

## PROGRAMME

30th May 2011, Monday

LECTURE ONLY 1815 - 2200 pm

1815 - 1830 pm	Registration
1830 - 1930 pm	LECTURE 1 PART 1 NEW TECHNOLOGY IN ENDODONTICS ( HOW IT IS POSSIBLE TO SHAPE MOST ROOT CANALS USING ONLY ONE SINGLE WAVE•ONE NICKEL TITANIUM FILE)
1930 - 2030 pm	Buffet Dinner
2030 - 2200 pm	LECTURE PART 2 CLINICAL STUDIES AND LIVE DEMO ON WAVE•ONE FILE.

31st May 2011, Tuesday

HANDS ON WORKSHOP - 0800 - 1130 am

0800 - 0815 am	Registration
0815 - 0930 am	HANDS ON WORKSHOP (PART 1)  MAKING THE GLIDE PATH ACCESSIBLE TO EVERY CLINICIAN WITH START X AND PATHFILE ROTARY
0930 - 1000 am	Tea Break
1000 - 1130 pm	HANDS ON WORKSHOP (PART 2)  HOW TO PRACTICE USING ONE SINGLE WAVE•ONE ROTARY FILE FOR EACH SHAPING PROCEDURE INSTEAD OF FOUR TO FIVE FILES.

## SPEAKER'S CURRICULUM VITAE:

Dr. Arnaldo Castellucci graduated in Medicine at the University of Florence in 1973 and specialised in Dentistry at the same University in 1977.

From 1978 to 1980 he attended continuing education courses on Endodontics at Boston University School of Graduate Dentistry with Prof. Herbert Schilder.

As well as running a practice limited to Endodontics in Florence, Dr. Castellucci is Past President of the Italian Endodontic Society, Past President of the International Federation of Endodontic Associations, an Active Member of the European Society of Endodontology and the American Association of Endodontists.

He is Visiting Professor of Endodontics at the University of Florence Dental School, Italy.

He is a very well-known international lecturers and gave lectures all around the world.

He is editor of The Italian Journal of Endodontics and of The Endodontic Informer, Founder and President of The Warm Gutta Percha Study Club and The Micro-Endodontic Training Center.

He is the author of the text books (3 volumes) EndodonticS, which is now also available in English.

## REGISTRATION FORM

Lecture & Workshop by Dr. Arnaldo Castellucci, Florence - Italy

Date: 30<sup>TH</sup> - 31<sup>ST</sup> MAY 2011

Registration Fees 30 <sup>TH</sup> MAY ( Lecture Only ) 1815 – 2200 pm	\$120 includes buffet dinner
Registration Fees 31 <sup>ST</sup> MAY ( Workshop Only ) 0800 – 1130 am	\$300 includes lecture on 30th May and Workshop materials

Please Note : Early bird registration before 15th May entitles to 10% off either course fees

Terms & conditions apply:-

1. Only limited seats are available and will be on based on first come first basis.

2. \*Registration for lecture closes on May 27, 2011.
